

Bad Superman

Scouting for Girls

Do do do do do do do do do do
Do do do do do do do do do do
Bad guys do what you like
I'm getting high tonight on Kryptonite
Cause since the day that she left
I stay in bed, I've been depressed
You knew that I saw through walls
So what'd you kiss him for? I saw it all
And now if you're in distress
You're gonna have to find someone else instead
Only time I use my x-ray powers
Is when I think you're gonna take a shower
Don't you understand, I'm just bad superman
And I'd do anything to get you
Don't you understand, I'm just bad superman
Getting over Lois was nothing compared to you
Cause I'm bad, superman
Kinda sad, superman
Just a man without you
The only super thing about me was you
Do do do do do do do do do do
Do do do do do do do do do do
Was I a little intense?
You never liked me when I was Clark Kent
Was it because of the glasses?
It may sound weird but I have to ask it
Cause I could always wear lenses
I dunno why my laser eyes never mended
What's been happening to me
But since you left I just turned really mean
Only time I use my laser eyes
Is to make your new boyfriend cry
Don't you understand, I'm just bad superman
And I'd do anything to get you
Don't you understand, I'm just bad superman
Getting over Lois was nothing compared to you
Cause I'm bad, superman
Kinda sad, superman
Just a man without you

The only super thing about me was you
The only super thing about me was you
Don't you understand, I'm just bad superman
And I'd do anything to get back with you
Don't you understand, I'm just bad superman
Getting over Lois was nothing compared to you
Cause I'm bad, superman
Kinda sad, superman
Just a man without you

The only super thing about me was you
Don't you understand, I'm just bad superman
And I'd do anything to get you
Don't you understand, I'm just bad superman
The only super thing about me was you
