That's The Way It Is

Jan Berry

C'mon
I been up, I been down
I been side to side, I been buried alive
I been hurt, I been robbed
But I'm okay
I been hot, I get cold
I been in a cell and outside as well
I'm a slob with no job
But I'm alright
'Cuz I don't wanna shout
And I don't wanna scream
And I don't wanna talk all night
About these stupid things
Because it's like that and that's the way it is
I know everything I need to know now
Yeah, that's the way it is
I know everything I wanna do now
And that's the way it is
I know pictures get faded
Yeah, that's the way it is
'Cuz it's like that
I get high, I been low
I can't turn around, I been upside-down
And I choke 'cuz I'm broke
All the time
Your not real but fad
I got a real good mom, I got a real good dad
I'm a creep
But I sleep just fine
And I don't wanna shout
And I don't wanna scream
And I don't wanna talk all night
About these stupid things
Because it's like that and that's the way it is
I know everything I need to know now
Yeah, that's the way it is
I know everything I wanna do now
And that's the way it is
I know pictures get faded

Yeah, that's the way it is
I know everything I need to know now
'Cuz that's the way it is
'Cause I don't wanna shout
And I don't wanna scream
And I don't wanna talk all night
About these stupid things
Go
I know everything I need to know now
I know everything I wanna do now
I been up, I been down
I been side to side, I been buried alive
I been hurt, I been robbed
But I'm alright
Because it's like that and that's the way it is
Yeah, that's the way it is
It's like this now, like that now
It's like that, that, that, that it's like that now
We don't stop now, just rock now
Let sunshine fall on me now and that's the way it is
I know everything I need to know now
And that's the way it is
I know everything I wanna do now
Yeah, that's the way it is
I know everything I need to know now
That's the way it is
I know everything I wanna do now
Yeah, that's the way it is
It's like this now, like that now
(I been up, I been down)
It's like that, that, that, that it's like that now
(I been side to side, I been buried alive)
We don't stop now, just rock now
(I'm a slob with no job)
Let sunshine fall on your block now and that's the way it is
(But I'm alright)
It's like this now, like that now
(I know everything I need to know now)
It's like that, that, that, that it's like that now
(And that's the way it is)
We don't stop now, just rock now
(I know everything I wanna do now)
Let sunshine fall on your block now and that's the way it is
(Yeah, that's the way it is)
It's like this now, like that now

(I know everything I need to know now)
It's like that, that, that, that it's like that now
(And that's the way it is)
We don't stop now, just rock now
(I know everything I wanna do now)
Let sunshine fall on your block now and that's the way it is
(Yeah, that's the way it is)
It's like this now, like that now
(I know everything I need to know now)
It's like that, that, that, that it's like that now
(And that's the way it is)
We don't stop now, just rock now
(I know everything I wanna do now)
Let sunshine fall on your block now and that's the way it is
(Yeah, that's the way it is)
It's like this now, like that now
(I know everything I need to know now)
It's like that, that, that, that it's like that now
(And that's the way it is)
