

I'm Numb

Zeraphine

Whatever I am feeling I find you everywhere
You're like the clouds that pass me by again
My memories are empty, they'll never bring you back
I can't deny how much I'm missing you
Time pours down
Washing my faith away
I'm numb until we're dancing into the night
But I still feel your kisses riding over my skin
I'm numb until you're disappearing again
Too many scars and a dream will never end
I've been to all the places where you used to be
But everywhere a chill kept seizing me
And if I sleep I'm restless and I'm not gone for long
I can't deny how much I'm missing you
Time pours down
Washing my faith away
I'm numb until we're dancing into the night
But I still feel your kisses riding over my skin
I'm numb until you're disappearing again
Too many scars and a dream will never end
I'm numb until we're dancing into the night
But I still feel your kisses riding over my skin
I'm numb until you're disappearing again
Too many scars and a dream will never end
Dream will never end, dream will never end
