Jason Crabb

Verse 1: She just drew her last breath
She just felt her final pain
That tear drop on her face
The hand of God just wiped away
Chorus: Absent from the body with Jesus at last
Destination heaven cares all past
Carried by angels to the land of life
Where dreams will last forever and no one dies
Unending rest for the weary soul
It makes me wanna go home
Verse 2:
The valley shadow of death that everyone must past through
If you hold the Saviors hand
He will lead and comfort you
Chorus: Absent from the body with Jesus at last
Destination heaven cares all past
Carried by angels to the land of life
Where dreams will last forever and no one dies
Unending rest for the weary soul
It makes me wanna go home
Bridge: How beautiful heaven looks here
Sweet home of the happy and free
Chorus: Absent from the body with Jesus at last
Destination heaven cares all past
Carried by angels to the land of life
Where dreams will last forever and no one dies
Unending rest for the weary soul
It makes me wanna go home
Oh, there's unending rest for the weary soul
It makes me wanna go home
Oh, I wanna go home.
