I Want You

Jim Verraros

There's something that you have
It's something that i want
Something you can give me
Something i need a lot
The simple looks that you give me
Can make me hot and breathless
I can't sleep when you're on my mind
Because of you i'm restless
You tease and you play and you leave me insane
I know it's your game but i play anyway
You touch and you pull so i have no control
I'm under your spell - there is no letting go
I want you every night
'till the morning light
Do you wanna try it?
I want you to turn me on
'till the break of dawn
Make it feel so right
So look into my eyes
Can you feel the lust?
You can't give me too much
'cause too much just ain't enough
I swear that i'll be good to you
Just let me show you how
I'll do everything for you
Up, down, all around

You tease and you play and you leave me insane
I know it's your game but i play anyway
You touch and you pull so i have no control
I'm under your spell - there is no letting go
I want you every night
'till the morning light
Do you wanna try it?
I want you to turn me on
'till the break of dawn
Make it feel so right
Let's go to the disco tonight
I'll spin you round all night

And when we get back home
We can do whatever you like
I'll give you what you want
'cause what you got is what i want
Do you want me like i wnat you?
Just tell me what you wanna do
I want you every night
'till the morning light
Do you wanna try it?
I want you to turn me on
'till the break of dawn
Make it feel so right
