One by One

Sticky Fingers

You wound't believe me the stories I tell you
We reached for the stars
But fell downwards
It ruined my hairdo but nobody said so
'Cause they all got cleaned up
But I'm still aroundIs anybody out there?
Or am I all alone
Maybe I'm just dumb
But why should I care?
There ain't no ending to this world
Just your own existence
I'm just picking up the pieces
One by oneOne by oneI say I'm sorry I know it's not fair
Look out my window to nowhere
We been out for days and days on end with no discussion
We though about nothing
I'm the fisherman's friendNothing ever gets me down a soul to tear
Nothings gonna kill us 'cause we're already dead
Nothing ever gets me down a soul to tear
Nothings gonna kill us 'cause we're already dead
Already deadIs anybody out there?
Or am I all alone
Maybe I'm just dumb
But why should I care?
There ain't no ending to this world
Just your own existence
I'm just picking up the pieces
