

Good As Gone

Billy Ray Cyrus

You're just as good as gone
You've been leaving for so long
Maybe you... and remind
It's been over quit some time
So go ahead won't ever go
You don't love me anymore
We know that is just came that on
Is too bad, you're just as good as gone!
I see the dude made up your mind
And goodbye is for good this time
No need to fight, no need to fuss
It's too late for the two of us!
I feel so bad, I feel so blue
In my heart I know that we are through
I'm losing you and all only one
You're just as good as gone
You've been leaving for so long
Maybe you... and remind
It's been over quit some time
So go ahead won't ever go
You don't love me anymore
We know that is just came that on
Is too bad, you're just as good as gone!
You're just as good as gone
You've been leaving for so long
Maybe you... and remind
It's been over quit some time
So go ahead won't ever go
You don't love me anymore
We know that is just came that on
Is too bad, you're just as good as gone!
It's so sad, you're just good as gone
