

# Fort Knox

Christon Gray

Tell me what you want, what you looking for  
Our relationship is a civil war, girl.  
I don't want to fight with you any more  
Tell me what's wrong, cause it's been so long yeah  
Should've wear my heart on my shoulder  
Don't you wave the flag I'm not over you Just another love rollercoaster  
The closer I get you lock the door  
She like, "I don't want to be so strong, but I think I got it"  
Hard to penetrate this wall I oughta bend  
I don't want to get involved so I'll keep my guard up Open up these doors you'll get more than you wanted trust  
You'll have me going crazy if I let you have the key  
Will I get more of you, if I give you more of me? Ft. Knox  
You know I'm your soldier forever right?  
Get it, guard your heart, I will give my life, world. I just cant get in so I'm feeling like you  
don't want no wanna know what you're thinking  
What's been on your mind will you show me?  
You won't tell your secret it's only me I will always fight for your glory: giving myself for loyalty  
She said, "I don't want to be so strong, but I think I got it"  
Hard to penetrate this wall I oughta bend  
I don't want to get involved so I'll keep my guard up Open up these doors you'll get more than you wanted trust  
You'll have me going crazy if I let you have the key  
Will I get more of you, if I give you more of me? Ft. Knox  
Rap: Uh, All's well that ends well, soldier in the field like Denzel, You remember the titan it's been real,  
Started as heaven no I'm in hell, Too much smoke can't inhale, All this chasing got wind chill. Forty below you  
left me out in the cold, I can't crack the code without intel.  
I don't know, tell me then, fight for you, help me win.  
I'm no duke: Ellington, trying to find out what key we in  
Breathe again, cause I don't know when I'll breathe again Oh my lord I feel this sinking in  
I never want to be just friends  
You'll have me going crazy if I let you have the key  
Will I get more of you, if I give you more of me? Ft. Knox
