

# We Mean the Thumb

Pietro Cesaro

Someone told donâ€™t do an act like this  
someone told to be political correct  
but when you donâ€™t believe in us and when we have reason  
finger finger finger we show â€¦.we mean the thumb

when we drive our bikes you see us with your suv and you cut the road with no respect â€¦we can do  
onlyâ€¦.only one thingâ€¦.we can do  
finger finger finger we show â€¦.we mean the thumb

your sad colleagues are envious about you , but you donâ€™t care and just when you see them you read the envy in  
their eyes and you â€™d like to show your finger â€¦..and you â€™d like to show your fingerâ€¦.  
finger finger finger we show â€¦.we mean the thumb  
finger finger finger we show  
â€¦we mean the thumb
