Medicine

The Fold

Let's get to the point
Let's get to this condition
Let's get to the point
Let's get to this conditionHere we go again
We're taking medicine to take the pain away.
To get this gone is what I need so badly
Let's put the past behind my backWhat will you think of me now
What will you think of me nowPut your favorite record on
Go shake to your favorite song
I've seen you laugh and cry
Now I want to see you danceLet's get to the point
Let's get to this conditionhere we go again
this day's been heavy as a hospital
i know you never would want the bad news
Lyrics
you never did have the time
But out of the corner of my eye
you turn and say
"You can get on up or you can get on down
But you can not just stand around"What will they think of us now
Now that all i can do is try to make this betterPut your favorite record on
Go shake to your favorite song
I've seen you laugh and cry
Now I want to see you danceDon't throw this day
Let's give this another chance
I've seen you laugh and cry
I wanna see you danceYou can get on up or you can get on down
But you can not just stand around
You can get on up or you can get on down
But you can not just stand aroundYou can get on up or you can get on down (Let's get to the point)
But you can not just stand around (Let's get to this condition)
You can get on up or you can get on down
But you can not just stand around! (let's get to the point)Put your favorite record on
Go shake to your favorite song (favorite song)
I've seen you laugh and cry(oh)
Now I want to see you dancePut your favorite record on (oh)
Go shake to your favorite song (Favorite song)
I've seen you laugh and cry
Now I want to see you danceDon't throw this day away (day away)

let's give this another chance (another chance)
I've seen you laugh and cry
Now I want to see you dance
I want to see you dance
