Love Won't Be Leaving

Anna Calvi

I hope this letter finds you well
Been in the desert for so long
Sometimes I see faces
Comin' out of the darkBut love won't be leaving
It won't be gone until I find a way
No, love won't be leaving
It won't be gone until I find a wayI draw my name in the sand
In the hope it'll find youBecause love won't be leaving
It won't be gone until I find a wayMy desire is so strong
My desire is so strong
Sometimes I see faces
When I'm so aloneI draw my name in the sand
In the hope it'll find you
I draw my name in the sand
In the hope it'll find youBecause love won't be leaving
It won't be gone until I find a way
No, love won't be leaving
It won't be gone until I find a wayAnd I draw my name in the sand
In the hope it'll find you
Oh, I draw my name in the sand
In the hope it'll find youBecause love won't be leaving
It won't be gone until I find a way
No, love won't be leaving
It won't be gone until I find a wayLove won't be leaving
It won't be gone until I find a way
Oh, love won't be leaving
It won't be gone until I find a wayLa
