Stay Ballin

DJ Squeeky

Have you ever had a day, yeah?
When everything was going just right for ya
The sun was shining ever so bright for ya
And you were croosin' down your favorite roadCould it be a gift from JAH
The way your lite Glistens over the still water
Now tell the moon that you know what Im sayin' to ya
'Cause thats just the way that it goes, way that it goesIm having a good day now, yes
Cant yeah see me smiling?
So pass it and hit is and stay a while
So we can keep it flowin' that love that we all like
That keeps us goin' for sureWheres my playas who stay frozen
In their trucks just cruzin'
Come on, come on can and hear me callin'
Yall stay ballin'Wheres my playas who stay frozen
In their trucks just cruzin'
Come on, come on can and hear me callin'
Yall stay ballin'I bet you never thought that ya could be the one
That make you wanna ride with JAH
Experience the feeling that Im talkin' 'bout
You feel me and know that its so, oh, oh, ohListen beat tah tah
Move your body let the music run through ya
Put ya hands up and say, na na
And thats just the way that it goesIm having a good day now, yes
Cant yeah see me smiling?
So pass it and hit is and stay a while
So we can keep it flowin' that love that we all like
That keeps us goin' for sureWheres my playas who stay frozen
In their trucks just cruzin'
Come on, come on can and hear me callin'
Yall stay ballin'Wheres my playas who stay frozen
In their trucks just cruzin'
Come on, come on can and hear me callin'
Yall stay ballin'Dont turn the reggae low
Turn it up a notch, sir
Afraid, I told ya so
This is what they love sayDont turn the reggae low
Turn it up a notch, sir
Afraid, I told ya so
This is what they love sayWheres my playas who stay frozen

In their trucks just cruzin'
Come on, come on can and hear me callin'
Yall stay ballin'Wheres my playas who stay frozen
In their trucks just cruzin'
Come on, come on can and hear me callin'
Yall stay ballin'
