

Sunburn

Muse

Come waste your millions here, secretly she says
Another corporate show, a guilty conscience grows And I'll feel a guilty conscience grow
And I'll feel a guilty conscience grow She burns like the sun, and I can't look away
She'll burn our horizons, make no mistake Come let the truth be shared, no one ever dared
To break these endless lies, secretly she cries She burns like the sun, and I can't look away
She'll burn our horizons, make no mistake And I'll hide from the world behind a broken frame
And I'll burn forever, I can't face the shame And I'll hide from the world behind a broken frame
And I'll burn forever, I can't face the shame
