

Invasion

Rebelution

Extermination
Conquest to kill all they believe in
New destination
Invasion of all they believe in
Eradication
Exterminate all they believe in
Annihilation
Invade their whole world and enslave them

Stripped of their culture
Forced to believe in
Convert the sinners
Change or get beaten
Goodbye to spirits
Accept new demons
No time for questions
Donâ€™t ask for reasons

Washed of their faith
Thrown in the fire
Deities replaced
New variations
Wisdom will change
Pure decimation
All for the sake of
Power
All in the name of
Greed
