Life Is A Gamble

Big Krit

Spin that wheel of fortune
Playin' that game of fools
Don't be afraid to take a chance
You haven't got much to lose
Come on little girl and step right up
I want to be the first
To wish you luck, 'cause
{Chorus}:
Life is a gamble
Where you search and you ramble
And you try for the high
That will help you see through
Life is a gamble
So if you can handle
The uncertainty of tomorrow with me
Today I'll bet on you
Shoot your shot girl
With all you've got

I'm gonna get you to give in
The stakes are high
But darlin' don't be shy
I'm givin' you a chance to win
I can't make promises
They'd just be lies
It's ridin' on the wheel
And a roll of the dice, 'cause
{Chorus}
How will it be tomorrow
How can I say today
Like a gamblin' man with a losin' hand
I'm waitin' for a winnin' play
Come on little girl and step right up
I want to be the first
To wish you luck, 'cause
(Chorus}
