Who Did You Think I Was

John Mayer

I got half a smile and zero shame
I got a reflection with a different name
I got a brand new blues that I can't explain
Who did you think I was?
Every mornin' when the day begins
I make up my mind and change it back again
I am a shifter of the shape I'm in
Who did you think I was?
You got my number but I always knew the score
Who did you think I was?
Am I the one who plays the quiet songs?
Is he the one who turns the ladies on?
Will I keep shinin' 'til my light is gone?
Who did you think I was?
You got my number but I always knew the score
Who did you think I was?
Here's a line that you won't understand
I'm half of a boy but I'm twice the man
Carry the weight of the world in the palm of my hand
Who did you think I was?
Who did you think I was?
