

# One In The Chamber (feat. Akon)

## Salaam Remi

She's a drama queen  
Queen from a movie scene  
Scene, she did everything  
Thing, and that's all I could ask for  
Know she was a pain  
Pain, oh how I miss her brain  
Brain couldn't stop that train  
Train brushes colder than glass scars  
That chick had one in the chamber  
Just when I thought I was out of danger  
Phone ring and I still went out and banged her  
Banged her, it's all fucked up now  
It's all fucked up now  
That chick had one in the chamber  
Just when I thought I was out of danger  
Phone ring and I still went out and banged her  
Yeah, I banged her, and it's all fucked up now  
It's all fucked up now  
Should've known the first time  
First time felt good, but it was the worst time  
The worst time, them pretty birds fly  
Then them doves cry  
It's all fucked up now  
'Cause I'm hooked up now  
It'll never be the same now  
'Cause my only hopes going down the drain now  
There is just nothing left to say now  
Say now, cause it's over now  
It's over now  
'Cause she had one in the chamber  
Just when I thought I was out of danger  
Phone ring and I still went out and banged her  
Yeah, I banged her, and it's all fucked up now  
All fucked up now  
That chick had one in the chamber  
Just when I thought I was out of danger  
Phone ring and I still went out and banged her  
Oh yes, banged her, it's all fucked up now  
It's all fucked up now  
She got one in the chamber  
She got one in the chamber  
She keep one in the chamber  
That chick keep one in the chamber
