

# Loving You Is Easy

Maxi Priest

Loving You Is Easy  
Just sometimes words are hard to find  
When you find that someone  
Who's just the one of a kind  
One of a kind  
One of a kind Ooh na na na, na na, na na na, na  
Ooh na na na, na na na, na na na, na Ooh, ooh baby you're in my prayer  
When I go to sleep at night, ah  
And ooh baby you're my first wish  
In the morning light 'Cause only you know that you are the reason  
Rhythm and rhyme  
See my feelings will never change  
Getting stronger over time Loving you is easy  
I found my perfect ten  
Only now I overstand  
Loving you is easy  
'Cause we're keeping it hot  
I don't ever want to stop, no Love is me and you right here  
Chillin' in the sun, yeah  
Feels like heaven when you're near  
And we've only just begun Loving you is easy  
I found my perfect ten  
Only now I overstand  
Loving you is easy  
'Cause we're keeping it hot  
I don't ever want to stop Never before has love walked into through my door  
And show that there's a different kind of joy  
I want you to know this is how I feel  
Feeling you so real  
And I'm never letting go Loving you is easy  
Girl, I never want to quit  
Baby you're my perfect fit  
Loving you is easy  
Woman you're my dream come true  
No one else compares to you Loving you is easy  
I found my perfect ten  
Only now I overstand  
Loving you is easy  
'Cause we're keeping it hot

I don't ever want to stop no  
When you find that someone - someone  
When you find that someone - someone
