

Superman/Supergirl

Killing Heidi

Superman supergirl, show me your stuff
Take a bow at the world
The bouquet is hot
Watch out superman, show me your stuff And if i didn't care
Do you think i'd still be here?
Do you really believe
What you feel is what you thrive
And there's one more thing Superman supergirl, show me your stuff
Take a bow at the world
The bouquet is hot
Watch out superman, show me your stuff Do you want to fall behind
Cause if that's so i wouldn't mind
Do you want me to fall
Or should i never go?
And there's one more thing Superman supergirl, show me your stuff
Take a bow at the world
The bouquet is hot
Watch out superman, show me your stuff Could you be my
Could you see my
Would you be my superman
Could you be my, see my
Be my superman Could you be my, see my
Be my superman
Could you, could you be
My superman
