

Attention

Olivia Newton-John

Here in my heart, there's a truth
That no one could love me like you
But lately you seem so far away
Pretending that you hear what I say
It's all I can do to get some attention from you
Sometimes you look so unsure
Has time left you longing for more?
Wishing you would let me back in
I just want to be home again
It's all I can do to get some attention from you
You mean too much to me to give up without a fight
Lord knows we can't survive one more silent night
I'd like to think there's a chance
Some way to save our romance
But if I have to do it alone
I'd be better off on my own
It's all I can do to get some attention from you
oh, What can I do to get some attention from you
