

# Don't Wait For Me

## Vicious Rumors

It's time we had a talk  
Let's get something straight  
No, it won't take long  
But it's getting very lateDon't put me off  
You know I'll cut you down  
Oh, that's rightAll night long  
Doin' what we've got to do  
Well, so long  
But you know, I'm comin' after youNo, don't wait for me  
Don't you wait for me  
Don't, don't, don't wait for me  
'Cause I'll be on your tailDon't, don't wait for me  
Don't you wait for me, no noI've been down many times before  
I've been around, seen it all and maybe more  
But now I'm up and gettin' higher, yeah  
Let's break the chains, that's rightAll night long  
Doin' what we've got to do, yeah  
Well, so long  
Oh, but you know, I'm comin' after youDon't wait for me  
Don't you wait for me  
Don't, don't, don't wait for me  
'Cause I'll be fuckin' on your tailDon't, don't wait for me  
Don't you wait for me, no no  
Don't you wait for me, no noAll night long  
Doin' what we've got to do, yeah  
Well, so long  
But you know, I'm comin' after you
