Sabaton

You're in for surprise, you're in for a shock
In London town streets where there's darkness and fog
I'm going down, all the way down
I'm on the highway to hell from hereBlessed by the night, holy and bright
Called by the toll of the bell
Oh, Mr. Crowley, did you talk to the dead?
Sleep with the devil and then you must payAbandoned the land
Come on in, child, take my hand, hear a rising force
Watch the damned, watch the damned
They're gonna break their chains through the night
You can hear themTwisting your mind and smashing your dreams
Blinded by me you can't see a thing
Torches blazed and sacred chants were praised
Blood on your face, you big disgraceA strand of silver hanging through the sky
Touching more than you can see
Appears like a wonder without any move
Gonna get close, closer to youAbandoned the land
Come on in, child, take my hand, hear a rising force
Watch the damned, watch the damned
They're gonna break their chains through the night
All abortAbandoned the land
Come on in child, take my hand, hear a rising force
Watch the damned, watch the damned
They're gonna break their chains through the nightAbandoned the land
Come on in child, take my hand, hear a rising force
Watch the damned, watch the damned
They're gonna break their chains through the nightYou can hear 'em
