

# Top Of The World

## Now Playing: NITE BOX

For a time I thought my faith, it must be hiding  
Searching through the sky, hoping to find a way  
A way, to get me through the day  
When where I belong, is this where I should stay?  
You lift me up when I am fallin'  
You're my friend when I was callin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
There's a strength in me, it seems I have forgotten  
Now I realize today, I'm starting to dream again  
Again, was a matter of when  
I guess we all lose our way now and then  
You lift me up when I am fallin'  
You're my friend when I was callin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
You lift me up when I was fallin'  
You lift me up when I was fallin'  
You lift me up when I am fallin'  
You're my friend when I was callin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
Always been believin'

Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world
