Make Me Feel (feat. Billie Ray Martin)

Terranova

music intro
oooh
oooh...do with me what you want
together we can share
this special love
if you don't
you will be sorry
cuz unlike me
there is no one
oooh...what you can make me feel
what you can make me feel
inside
oooh... its so wild
no other love can really satisfy
I am ...
touch like a woman
that's magnetic
that runs wild
i can make all your wildest dreams
all your wildest dreams come alive
ah
oooh oooh oooh
musicoooh...what i can make you feel
oooh...i can make you feel inside
oooh...its so wild
that no other love can really satisfy
oooh...don't you realize
what control you have
over me
let me touch
i can feel
I can feel..with you
oooh...
