

# Tricyclic Looper

## Guided by Voices

Tricyclic looper breaks his neck  
brings down the walls says it cool  
tricyclic looper says come on  
tries it ? that's not my school  
tricyclic looper free the man  
the man who earns a chain a day  
tryiclic looper it's a gas  
freedom now and have some class  
try issues field the play  
try with me that's okay  
drive around all your way  
drive me  
try issues field the play  
try with me that's okay  
drive me around your way  
drive me come on loop, loop  
tricyclick looper loves his job  
choose it that way he's a slob  
tricyclick looper loves his job  
scream and shot takes some drugs  
and rides it out.  
tricyclic looper  
freedom man  
freedom chump who broke his hands  
tricyclic looper all they way  
all the day and all decay  
she don't nose around me  
I'm okay without  
don't you break me bottle baby  
I'm the one that said that  
triciclic looper triciclic looper  
triciclic looper  
come on loop
