

Love You Forever

Bri (Briana Babineaux)

Name above all names Worthy of my praise
King above all kings
There is none like you
Like you I will love you forever
I will love you forever
I will love you forever (X3)
Even if it never gets better Name above all names King above all kings
There is none like you
Like you (X2) Love you forever
Love you forever Never gets better
Never gets better
Never gets better Alpha and Omega
Beginning and the end
My personal saviour
My father and my friend (X2) Powerful deliverer
Ruler of this world
God of the ages
And all of this world I'm so grateful
For everything
I worship you forever
My God and my King Love you forever
Love you forever (X3) Never gets better
Never gets better Name above all names (X4) Worthy of our praise (X4) I will love you forever
I will love you forever (X3)
Even if it never gets better
