

You're a Zombie, I'm a Vampire

Beatastic

Well it's a fact
We both like Southern Comfort in our glass
We both like ice tea, look handy in a fight

Cause you're a zombie and I'm a vampire
I wish I could leave teetmark on your arm
Because you're mine

If they attack
I'll use my ninja skills to fight them back
And I can tell that you have my back

Cause you're a zombie and I'm a vampire
I wish I could leave teetmark on your arm
Because you're mine

Cause you're a zombie and I'm a vampire
I wish I could leave teetmark on your arm
Because you're mine
