Love Like This

Love Like This

Surprised to see you baby
surprised to see you smile
I never dreamed youâ€™d still be waiting
after such a long long time

the night I left you, baby
was sweet and cold and bright
I drove that seaside highway
because I knew that it was right

But I never knew â€œgoodbyeâ€•
could mean so many miles

love like this
I must be out of my mind
love like this

thereâ€™s nothing to it baby
just thing that we forgot
finally growing tired
of behing who that we were not

and I tell it like a story
and we believe it even now
but weâ€™d both go back tomorrow
if we only could somehow

But I never knew â€œgoodbyeâ€•
could mean so many miles

love like this
I must be out of my mind
love like this
itâ€™s real and itâ€™s right

if I could have one more dream
one more kiss

if I could have one more wish
Iâ€™d want a love like this

meet me down by the river
meet me down by the waterâ€™s edge
meet me down by the pylons
