

Sex Sux (amen)

Vaselines

I was born of original sin
Brought my two time in her slim virgin
Father, Son and the Holy Ghost
I'm the Sacred host with the most
I was born on Christmas day
And all my people turned me away
They said I'd be the one
Borrow the life of the chosen Son
Doing the cross was not for me
It's human life of chastity
I was born on Christmas day
And all my people turned me away
Hey, hey, hey
I was born of original sin
Brought my two time in her slim virgin
Father, Son and the Holy Ghost
I'm the Sacred host with the most
I got one thing to say, sex sux amen
