Oh Well

Sam Thacker

lights out on a Tuesday afternoon
looks like rain again
like that
my own company in darkness
no more TV screen yeah
and oh ain't it funny
how the silence that you never heard can wake you up

then i go
if could only find it
if i could only breath the air
i know i need so bad
and its all around
holding on to nothing
so I'm calling all my satellites
its time i brought them in

okay
so i lost my affirmation
it's all caving in
awake on the feelings
and the reasons
no one listening

i close my eyes
listen to the rewind
scared of what you might find
with a look behind the
masquerade of all these days

then i go
if could only find it
if i could only breath the air
i know i need so bad
and its all around
holding on to nothing
so I'm calling all my satellites
its time i brought them in

but she comes and goes

like the empty days
when nothing changes and oh
she comes and goes
and she'll leave behind
nothing but stories
left untold yeah
away

i know i go
if could only find it
if i could only breath the air
i know i need so bad
and its all around
holding on to nothing yeah
yeah

then i go
if could only find it
if i could only breath the air
that's there and its all around
holding on to nothing
so I'm calling all my satellites
its time i brought them in
