Manchester

Nina Nesbitt

Standing at the edge of sanity
I've been here a couple of times
But I swore I was better, I was betterAnd it hurts, to keep inside
Feeling worse, cause I know I
Could be in control, if I let them know
Keep thinking that I'm finally waken
But I'm mistaken
Now I'm sitting all alone in the basement
Hands are shakingCause I hurt myself, myself again
Crying for help, for help again
Didn't feel so precious under all the pressure
I hurt myself, myself again, myself againI know I'm my own worst enemy
I've got a double sided mind
But I swear I'll get better, I'll get better this timeI need to believe, these times don't make me weak
And I'm in control, my life's beautifulMy head and my heart's been aching
Feelings are fading
Now I'm sitting all alone in the basement
Hands are shakingCause I hurt myself, myself again
Crying for help, for help again
Didn't feel so precious under all the pressure
I hurt myself, myself again, myself againEverything bad that's ever happened to me
It's playing to fast like a messed up movie
When it's like that, it's so hard to see the beauty
That's when I hurt myself, myself againCause I hurt myself, myself again
Crying for help, for help again
Didn't feel so precious under all the pressure
I hurt myself, myself again, myself again
