My Man

El Musiquero

Yeah come on huh
My morning, night and noon
My very, I'll be back soon
My star up in the sky
My I just call to say "Hi"
My world you want to eat now
My baby, come rub my feet
My girls, you understand
I'm talkin' about my man, who
Takes me higher, loves me better
Holds me closer, my man
I'm talkin' 'bout my man
Rocks me gently, gives me plenty
Holds me closer, my man
I'm talkin' 'bout my man
He puts a smile on my face
He knows everything that I like
He got me open, I love him, I need him
Believe in, trust in his heart
My intelligent thug
My necessary hug
My, I apologize
My, I'm sorry, you was right
My, I'm gonna give you more
My, what you want from the store?
My girls, you understand
I'm talkin' 'bout my man
Takes me higher, loves me better
Holds me closer, my man
I'm talkin' 'bout my man
Rocks me gently, gives me plenty
Holds me closer, my man
I'm talkin' 'bout my man
I'm representin' cuz with them in
Is where I belong
I'm implementin' cuz he motivates
And make me zone
Leave me oh, picture that cha'll ah
Let's keep it real and matter fact cha'll

Before you think about us
Don't you give me wrong
It's all about the love
The love we be about is strong
Test me oh, never doubt cha'll
'Cuz it's a feel good man that I got cha'll
Takes me higher, loves me better
Holds me closer, my man
I'm talkin' 'bout my man
Rocks me gently, gives me plenty
Holds me closer, my man
I'm talkin' 'bout my man
He lets me be myself
Makes me feel good inside
I can't fight what it is, I want to have his kiss
Tell him I lovin' him only, my only love
You know he has my heart
He is my shining star
My girls, they understand
I'm talkin' about my man
Through and through
(He's the truth)
He cares about me
(Knows what to do)
Kisses
(Kiss him)
His love is
(Blissful)
He's sincerely mine
(I'll give him)
What he needs
(When he needs me)
I'm believing
(I'm so grateful)
That I got him
(That he got me)
And I know he loves me
Takes me higher, loves me better
Holds me closer, my man
I'm talking 'bout my man
Rocks me gently gives me plenty
Holds me closer my man
I'm talking 'bout my man
Hold it right there
Keep it right there

There, no, no there
Go back to that breakdown
