She's steppin' over that line
She waan break up, nah make up that's fine
Pack up and rush off your things before light
This was a waste of time she'll fold the deck again and see what I can findYa steppin' over that line
She waan break up, nah make up that's fine
Pack up and rush off your things before light
This was a waste of time she'll fold the deck again and see what I can findMany a times that I recall girl You never once appreciated my love
Stay in the ____ Bitchin' on the phone
Talk about you never had ____ ____ ____ ____
Well first what is it
By the worst call your friends tell them I was the worst
Didn't mind a lot of money in your purse
Drinkin' at the bar ___ pon ya likkle skirt2 x That line
She's steppin' over that line
She waan break up, nah make up that's fine
Pack up and rush off your things before light
This was a waste of time she'll fold the deck again and see what I can find
Ya steppin' over that line
She waan break up, nah make up that's fine
Pack up and rush off your things before light
This was a waste of time she'll fold the deck again and see what I can find
