

Instrumental

Brittle Stars

(Blackstar;Walker)

I have had the same old dream always lately

And I do not want to dream no more

I have had the same recurring dreams lately

And what I have dreamt I am not quite sure

I am not quite sure

Recurring dreams

All that we see

All that we see or seem

Is just a dream

Just a dream within a dream

I have had the same old dream always lately

Day in day out day after day

I had the same old dream again today

And I do not want to dream again

Dream again
