Do You Remember

DJ Cover This

Hey, Jay Sean, Sean Paul
Yeah, Lil Jon
This one right here is for all the ladies
Ladies, who want to take it back
Holler at them JayI've been thinking about you
And how we used to
Be then back when we didn't have to live
We could start againThere's nothing left to say
Don't waste another day
Just you and me tonight
Everything will be okayIf it's alright with you
Then it's alright with me
Baby, let's take this time
Let's make new memoriesDo you remember, do you remember
Do you remember all of the times we had?
Do you remember, do you remember
Do you remember all of the times we had?Let's bring it back
(Bring it back)
Let's bring it back
(Bring it back)
Let's bring it back
(Bring it back)
Let's bring it back
(Bring it back)
Let's bring it backYo Jay, sing to these ladiesSo long since you've been missing
It's good to see you again
How you, how you doing?

(Bring it back)Yo, hey girl, yoBring it back to the time when you and me had just begun
When I was still your number one
Well, it might seem far-fetched, baby girl
But it can be doneI've got this feeling, fire blazing
And it's hot just like the sun
Know you feel it too, my girl
Just free it up, may the good vibes runGirl, take a sip of the Champagne
Take a lil trip down my lane, my girl
While you know every night you'll feel alright
Look I tell you this girl out of my worldDon't change, I'mma rearrange, my girl
I'mma tell you straight, this out of my world
How many years do you want come kiss?
This I know you miss this, that's what I heardThat's what I heard, that's what I heard, word, girlThere's nothing left to say
Don't waste another day
Just you and me tonight
Everything will be okayIf it's alright with you
Then it's alright with me
Baby, let's take this time
Let's make new memoriesDo you remember, do you remember
Do you remember all of the times we had?
Do you remember, do you remember
Do you remember all of the times we had?Let's bring it back
(Let's bring it back)

(Bring it back)
Let's bring it back
(Let's bring it back)
