

I'm The Type Of Person To Take It Personal

Breathe Carolina

Any minute,
Any day now,
Any second,Any minute,
Any day now,
Any second,These eyes they see,
More than you know.
We're all dressed in our best,
So take it or leave it.(Everybody make a move, everybody on the ground.
Let me see you bring the fucking cameras out.
You better use your head, you better use your head.
Before we take it off your mother fuckin' shoulders)Any minute,
Any day now,
Any second,Any minute,
Any day now,
Any second,These eyes they see,
More than you know.
We're all dressed in our best,
So take it or leave it.These eyes they see,
More than you know.
We're all dressed in our best,
So take it or leave it.I've got all the plans in the world,
To take everyone hostage.
(for the national bank)
I don't want money,
I want fame.Bring on the cameras,
Bring on the rides.
Your the game, call action.
Its your time.Any minute,
Any day now,
Any second.These eyes they see,
More than you know.
We're all dressed in our best,
So take it or leave it.These eyes they see,
More than you know.
We're all dressed in our best,
So take it or leave it.
