

# All These Lives (OST Criminal Minds)

## Daughtry

Doesn't come down when she calls  
"It's time for breakfast."  
Mama can't get down those halls  
Fast enough to see  
Glass is sprayed across the floor  
From the broken window  
She can't breathe anymore  
Can't deny what we know They're gonna find you, just believe  
You're not a person; you're a disease All these lives that you've been taking  
Deep inside, my heart is breaking  
Broken homes from separation  
Don't you know it's violation?  
It's so wrong, but you'll see  
Never gonna let you take my world from me  
The world outside these walls may know you're breathing  
But you ain't comin' in (But you ain't comin' in) Posters hung on building walls  
Of missing faces  
Months go by without the calls  
The clues, or traces They're gonna find you, just believe  
You're not a person; you're a disease All these lives that you've been taking  
Deep inside, my heart is breaking  
Broken homes from separation  
Don't you know it's violation?  
It's so wrong, but you'll see  
Never gonna let you take my world from me  
The world outside these walls may know you're breathing  
But you ain't comin' in Shed the light on all the ones who never thought they would become  
A father, mother, asking why this world can be so cold Doesn't come down when she calls  
"It's time for breakfast."  
The memories begin to fall  
She asks, "When will I be free?" All these lives that you've been taking  
Deep inside, my heart is breaking  
Broken homes from separation  
Don't you know it's violation?  
It's so wrong, but you'll see  
Never gonna let you take my world from me  
The world outside these walls may know you're breathing  
But you ain't comin' in All these lives that you've been taking  
Deep inside, my heart is breaking

All these lives that you've been taking  
Deep inside, my heart is breaking  
All these lives that you've been taking  
Deep inside, my heart is breaking  
The world outside these walls may know you're breathing  
The world outside these walls may know you're breathing  
But you ain't comin' in
