Flame!

Heatmiser

I always find out too late
And you wouldn't believe what I'm on
In all this time, I've found nothing to live without it forHelp me, holy
Help me, get me on my feet
I feel like turning me downLucia Anne MariaI never was anything
Can't be happy or unhappy
And you wouldn't believe what I'm on
In all this time I've found nothing to live without it forHelp me, holy
Help me, get me on my feet
I feel like turning me downLucia Anne MariaOh, what are you now?What's wrong with you, little flame?
I've been trying to cool off for so long
In all this time I've found nothing to stop me or the painHelp me, holy
Help me, get me on my feet
I feel like turning me down
