Lift Me Up

2 Fabiola

Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
taht fo dnuos a rof ydear teg ("Get ready for a sound of that" backwards)
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
taht fo dnuos a rof ydear teg
Please save my day and bring me some flowers
You know the way and I've got the power
Come on, let's move it around and down
Follow this groove, let's come down to the ground
Wish you were here, I wish you were there
Wish you were here, I wish you were there
Wish you were here, I wish you were there
Wish you were here, I wish you were there
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
taht fo dnuos a rof ydear teg
Lift me up and take me higher
Lift me up and take me higher!
Lift me up and take me higher
Lift me up and take me higher!
Learn of this virtue that mine out is true
Don't act to sensual, you know what to do
Yeah try me out, and take me much higher
Let's scream and shout, you're the one I admire
Wish you were here, I wish you were there
Wish you were here, I wish you were there
Wish you were here, I wish you were there
Wish you were here, I wish you were there

Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Get ready for a sound of that
Lift me up and take me higher
Lift me up and take me higher!
Lift me up and take me higher
Lift me up and take me higher
