On Your Body (feat. Meet Sims)

Chinx

Fuck them niggas baby you gone love me
Got you back to back all in Ferraris
Know you linking with Young Abu Dhabi
Don't you worry girl, I'm on your body
Tell your nigga that you'll see him later
Dat Giuseppe got you rollin', got some sense for later
Girl I know you know you linking with Young Abu Dhabi
Don't you worry girl, I'm on your bodyI got money on my line, you know that shit be callin'
Pulled up on her in the ride and let her whip foreign
If you talkin' 'bout my bitch yeah, that's a different story
Nigga talkin' 'bout the crib, yeah, that's a couple stories
Me and shawty gettin' high, you know we sittin' way up
Average nigga ain't gonna get it, gotta get your weight up
Niggas shinin' like a diamond, all them niggas flawless
And if your chick out of line then tell that chick to fall inGet that money, motherfuck a hater
Tell your nigga bye, you'll see him later
Pull that Porsche up then we pull the Wraith up
Shawty leavin' with me ain't a ultimatumFuck them niggas baby you gone love me
Got you back to back all in Ferraris
Know you linking with Young Abu Dhabi
Don't you worry girl, I'm on your body
Tell your nigga that you'll see him later
Dat Giuseppe got you rollin', got some sense for later
Girl I know you know you linking with Young Abu Dhabi
Don't you worry girl, I'm on your bodyAll we do is count this money, gettin' to the bank
I be slidin' on them lames like a set of skates
Never pay attention to 'em, we just let 'em hate
Me and shawty be burning weed up by the fireplace
They be tryna find out any reason just to fade us
Make it look like we ain't never stressin' and we paid up
I ain't never trick but you the only one that's flawless
Got the thing wetter than the floods up in New OrleansTell the truth, do it look like we stressin'
We be stylin' on 'em, super flexin'
Never mind the price, no need to check it
You know you my baby, ain't no second guessin'Fuck them niggas baby you gone love me
Got you back to back all in Ferraris
Know you linking with Young Abu Dhabi
Don't you worry girl, I'm on your body
Tell your nigga that you'll see him later

Dat Giuseppe got you rollin', got some sense for later
Girl I know you know you linking with Young Abu Dhabi
Don't you worry girl, I'm on your bodyDon't you worry girl, I'm on your body
Don't you worry girl, I'm on your body
Don't you worry girl, I'm on your body
Don't you worry girl, I'm on your body
