# Leaf Upon The Wind

## D-side

I never thought that I would see
Someone as beautiful to me
And when you leave I'm lost again
Just like a leaf upon the wind
I never thought I'd feel like this
I long for your touch, your giving kiss
My hearts a crying violin
I'm like a leaf upon the wind
Chorus:
My world is torn it two
My life it longs for you
In everything we do
When you are mine
I lose all common sense

Let down my self defence
Beg for the loneliness to end.....
When you are near I'm standing tall
Just like a soldier off to war
But when you're gone the fight begins
I'm like a leaf upon the wind
Chorus
After the storm the clouds will break
But in my mind nothing has changed
I'm all alone, I'm here again
Just like a leaf upon the wind
