Number One

Adhitia Sofyan

i don't mind if you hate monday
we can make it just like a saturday
and all the fuss and whine will over
as we drive in to the madness
with breakfast on the go
we'll din on city light
did't i tell you to just sit back
cause my girl, they all don't matter (any longer)
cause you don't even have to try
you've already my number one
i don't need the mellow tunes
and all the lines you've wasted over me
i don't mind if time goes to soon
we'll stay up all night and make it slower
and when the morning comes between us
we'll just get ready to start it over
