

Party Bass (Killafoe Remix)

Bombs Away

We gotta, gotta move to that party bass
If their titties ain't moving then there's not enough bass.

If their ass ain't shaking, then there's not enough bass.
Ha, Yah, Tsch, Uh.

Perhaps I'll ask for forgiveness,
Uhck but just not not for permission.

I'mma turn it up to 11,
Just so so the neighbors can listen.

We gotta get that richter moving,
Yes we gonna start a quake.

We gotta give your kids a schooling,
Yes this is that party bass.

If their titties ain't moving then there's not enough bass.

If their ass ain't shaking, then there's not enough bass.
Yo, we gonna be moving to that, that party bass

We gonna do it, and that's that we run this place

We gonna lose it, as long as you have got it, got it loud

I wanna feel it shaking like a tremor in the ground
We gonna gonna move to that party bass
Ha, Yo

Oh no, You cannot escape it.

Cause it's steeping, just so tonight
Yeah, as loud as your ears can take it

When we hit in the overdrive (uh)

Gonna get this place so crazy
When the windows start to shake (yo)

Then we'll get naked maybe

When we drop that party bass

If their titties ain't moving then there's not enough bass.

If their ass ain't shaking, then there's not enough bass.
We gonna gonna move to that party bass
If their titties ain't moving then there's not enough bass.

If their ass ain't shaking, then there's not enough bass.
