

New Dawn

Youn Sun Nah

Till, sleepless night turns to a new day
Till, breezy days caress my wet face
Till, many long deep sighs melt away
Till, sound of bitter smile die away
Be more strong and be more light
Be more firm and be more bright
All your chant will work out
Till, I let my sadness go away
I'll be here like a flower
Waiting to bloom
Till, breathless heart beats like it is new
Till, blessing makes me start over new
Till, inner flame gives life to myself
Till, I can say that I love myself
I'm always on the run and I hate copy paste for god's sake
Be more strong and be more light
Be more firm and be more bright
All your chant will work out
Till, I let my sadness go away
I'll be here like a flower
Waiting to bloom
