

# Second Solution (single version)

## The Living End

Standin' on a street light  
Tryin' to get away  
Guilty, Guilty I hear you say  
Countin' down the hours  
But I haven't got the time  
23rd Precinct jumping on the line  
What I wanna know  
Is will I get death row  
Or is there a second solution  
What I wanna say  
Is will I die today  
Or will I get second solution  
It was never meant to end this way  
One shot violence I hear what you say  
Standin' on a street light  
Tryin' to get away  
Guilty, Guilty I hear you say  
What I wanna know  
Is will I get death row  
Or is there a second solution
