

Beautiful You (Live At the House of Blues)

Saving Abel

I'm a free fall, straight up out of control
Full of words of wisdom, I'm seeing double vision
From a dead on, head on crash course in collision
A sucker for a kind word, every voice I've heard
This is my answer for you There you go again being beautiful you
Setting fire to all you hold on to
There's a blaze in my hands portraying one-sided views
I'm letting go again, won't be another friend
To a beautiful, a beautiful you I'm a concept in the human race
A mirrored image, another shade of grace
Molded by pride, barely holding on to life
A prejudice lover always and forever
'Cause this is my answer for you There you go again being beautiful you
Setting fire to all you hold on to
There's a blaze in my hands portraying one-sided views
I'm letting go again, won't be another friend
To a beautiful, a beautiful you Well I keep hearing what you said
It keeps playing over and over again There you go again being beautiful you
Setting fire to all you hold on to
There's a blaze in my hands portraying one-sided views
I'm letting go again, won't be another friend
To a beautiful, beautiful, beautiful, beautiful you
