

The Truth

HOAX

I've been looking for an answer in your inner eye
I've been pulling back the curtains of your paradise
I've been killing all my instincts in the suicide
I've been killing all the instincts in the suicide
I've been holding to your words like I'm a kid again
I've been waving in your face just so you won't forget
I've been killing all my instincts in the suicide
I've been killing all my instincts in the suicide Oh baby it's true

It's true

I'm thinking about you

I'm thinking about me

Oh baby it's true

It's true

I'm thinking about you

I'm thinking about me

Oh

Oh

I've been looking for the questions in your inner eye
I've been holding onto pieces of a paradise
I've been killing all my instincts in the suicide
I've been killing all my instincts in the suicide
I've been going out and coming hooked on you again
I've been sinking in your ship until the bitter end
I've been killing all my instincts in the suicide
I've been killing all my instincts in the suicide Oh baby it's true

It's true

I'm thinking about you

I'm thinking about me

Oh baby its true

It's true

I'm thinking about you

I'm thinking about me

Oh

Oh

Maybe it's the truth

Oh maybe its just you [?]

Maybe its just you, you, you, you, you, you

Maybe its just you Oh baby it's true

It's true

I'm thinking about you
I'm thinking about me
Oh baby its true
It's true
I'm thinking about you
I'm thinking about me
Oh
Oh
Oooooo
