

I Like Not Knowing (Acoustic)

Fatherson

Throw myself under a bridge
Tryna get some time on my own
I need some
But I have to solve this
I can't lose all of my marbles
Before the big game
I showed up out here againCause I don't know where we are going
Could hazard a guess
But I like not knowingI know you're under the water
I can hear you breathingNotice me, I want you to
Notice me now
I know I'm feeling this
Oh yes, I'm feeling this
Just do anything you want
To know that I will stay
But I don't own all the thoughts in your head
And if I did I'd leave them for you to think insteadBut I don't know where we are going
Could hazard a guess but I like not knowingI know you're under the water
I can hear you breathingOh no, Oh no, Oh no, Oh no....I know you're under the water
I can hear you breathingI know you're under the water
I can hear you breathing
