

Tribulations

LCD Soundsystem

Everybody makes mistakes
But I feel alright when I come undone
You are not making me wait
But it seems alright as long as something's happening
I try to make you lake
But you fight me off like a fire does
You try making me wait
But it feels alright as long as something's happening[CHORUS]
Oh, oh
Get your payments from the nation
Oh, oh
For your trials and tribulations You try to make me wait
You come around when it's come undone
Everybody makes you late
And it's never you
Because you're always thinking
I try making you wait
And you give me some
Like you give it good
Everybody makes mistakes
But it seems it's mine
That always keeps on stinging[CHORUS x2] You try making me wait
But you come undone
When you come undone
Everybody makes mistakes
But It's always mine
That seem to keep on sticking[CHORUS x5]
