

Angel In Disguise

Delirious?

Wake me up, shake me up
Break me up, then put me back together
Take my crown, let me drown
Bring me 'round then stay with me foreverI've never known love like this
Maybe you're an angel in disguiseCall my name, somebody take me away
Rescue me, completely
No more shame, somebody take it away
Rescue meWake me up, take me up
Feel the heat, it's closer now than ever
Your secrets hide in the sand
Take these bones and put me back togetherOh, oh, you're killing me with just one kiss
Maybe I'm an angel in your eyesCall my name, somebody take me away
Rescue me, completely
No more shame, somebody take it away
Rescue meCall my name, somebody take me away
Rescue me, completely
No more shame, somebody take it away
Rescue me, completelyCall my name, somebody take me away
